

Environmental Ambassador

2011-2012 Competition Topics

Please base your project on one of the following five topics.

1. Reduce your carbon footprint through efficient energy use and recycling.
2. Consequences of an environmental or natural disaster on a population.
3. Impact of consumer electronic waste on the environment.
4. Impact of purchasing choices to promote healthy school environments.
5. Community policies/practices that encourage use of alternative transportation methods.
